The central character of the novel is a dog named Buck. The story opens at a ranch in Santa Clara Valley, California, when Buck is stolen from his home and sold into service as a sled dog in Alaska. He becomes progressively more primitive and wild in the harsh environment, where he is forced to fight to survive and dominate other dogs. By the end, he sheds the veneer of civilization, and relies on primordial instinct and learned experience to emerge as a leader in the wild. London spent almost a year in the Yukon, and his observations form much of the material for the book. The story was serialized in *The Saturday Evening Post* in the summer of 1903 and was published later that year in book form. The book's great popularity and success made a reputation for London. As early as 1923, the story was adapted to film, and it has since seen several more cinematic adaptations.

The Call of The Wild (Global Classics) Jack London 2021-03-05 The Call of The Wild - By Jack London The Call of the Wild is a novel by American writer Jack London. The plot concerns a previously domesticated and even somewhat pampered dog named Buck, whose primordial instincts return after a series of events finds him serving as a sled dog in the treacherous, frigid Yukon during the days of the 19th century Klondike Gold Rushes. Published in 1903, *The Call of the Wild* is one of London's most-read books, and it is generally considered one of his best. Because the protagonist is a dog, it is sometimes classified as a juvenile novel, suitable for children, but it is dark in tone and contains numerous scenes of cruelty and violence. London followed the book in 1906 with *White Fang*, a companion novel with many similar plot elements and themes as *The Call of the Wild*, although following a mirror image plot in which a wild wolf becomes civilized by a

mining expert from San Francisco named Weedon Scott.

The Call of the Wild / Jack London / World Literature Classics / Illustrated with Doodles Jack London 2021-02-20 One of the classics masterpieces of the written world. A must-read. Illustrated with doodles Complete and Unabridged Jack London's novels and ruggedly individual life seemed to embody American hopes, frustrations, and romantic longings in the turbulent first years of the twentieth century, years infused with the wonder and excitement of great technological and historic change. The author's restless spirit, taste for a life of excitement, and probing mind led him on a series of hard-edged adventures from the Klondike to the South Seas. Out of these sometimes harrowing experiences -- and his fascination with the theories of such thinkers as Darwin, Spencer, and Marx -- came the inspiration for novels of adventure that would make him one of America's most popular writers. The Call of the Wild, considered by many London's greatest novel, is a gripping tale of a heroic dog that, thrust into the brutal life of the Alaska Gold Rush, ultimately faces a choice between living in man's world and returning to nature. Adventure and dog-story enthusiasts as well as students and devotees of American literature will find this classic work a thrilling, memorable reading experience.

Jack London's Racial Lives Jeanne Campbell Reesman 2011-03-15 Jack London (1876-1916), known for his naturalistic and mythic tales, remains among the most popular and influential American writers in the world. Jack London's Racial Lives offers the first full study of the enormously important issue of race in London's life and diverse works, whether set in the Klondike, Hawaii, or the South Seas or during the Russo-Japanese War, the Jack Johnson world heavyweight bouts, or the Mexican Revolution. Jeanne Campbell Reesman explores his choices of genre by analyzing racial content and purpose and judges his literary artistry against a standard of racial tolerance. Although he promoted white superiority in novels and nonfiction, London sharply satirized racism and meaningfully portrayed racial others--most often as protagonists--in his short fiction. Why the disparity? For London, racial and class identity were intertwined: his formation as an artist began with the mixed "heritage" of his family. His mother taught him racism, but he learned something different from his African American foster mother, Virginia Prentiss. Childhood poverty, shifting racial allegiances, and a "psychology of want" helped construct the many "houses" of race and identity he imagined. Reesman also examines London's socialism, his study of Darwin and Jung, and the illnesses he suffered in the South Seas. With new readings of The Call of the Wild, Martin Eden, and many other works, such as the explosive Pacific stories, Reesman reveals that London employed many of the same literary tropes of race used by African American writers of his period: the slave narrative, double-consciousness, the tragic mulatto, and ethnic diaspora. Hawaii seemed to inspire his most memorable visions of a common humanity.
