Calibrating the Christian Mind Bullus Moses Gago 2017-09-14 The Christian faith has fallen victim to the times. Its original purpose and meaning is redefined by those who criticize it. No other is to be blamed for the scorning the Faith endures, but the Christian. To have our minds shifted and removed from Christ yield's believers far removed for the image of Christ. For this reason, our existence as Christians is not

fulfilling the function and purpose we have been created for. This book intends to calibrate the mind, to return us to the original way of thought. With the right mindset in place, we are fulfilling Philippians 2:5 KJV which states, "Let this mind be in you, which was also in Christ Jesus"

Exposition of the Christian Faith Saint Ambrose 2016-04-17 The author praises Gratian's zeal for instruction in the Faith, and speaks lowly of his own merits. Taught of God Himself, the Emperor stands in no need of human instruction; yet this his devoutness prepares the way to victory. The task appointed to the author is difficult: in the accomplishment whereof he will be guided not so much by reason and argument as by authority, especially that of the Nicene Council.

Divine Vengeance D. W. Koons 2017-02-25 Divine Vengeance weaves intrigue and drama through the accurate and volatile historical events of the Cathar wars in thirteenth century France. A brutal massacre sponsored by the Pope. Brother Raimon cannot reconcile the dissonance between his faith and the violence. Nor can he rationalize his love for a Guilelma, a Cathar heretic. What starts as offering a helping hand, soon turns into organized aid for fleeing heretics. Now Raimon is captured attempting to sabotage the trebuchet Malvoisine, and he is to be burned at the stake...along with 180 heretics...and the woman he loves. Sadly the brutality of crusade leader Simon de Montfort is not contrived. The Cathar crusade was the first pogrom aimed at a Christian region. It led to the dark years of the Inquisition and set a concerning tone that influenced Western thought for centuries. Action, intrigue, geography, an era of history rife with contradictions, and an unrequited love. Join the adventure!

I Have Some Good News Preston Condra 2017-03-23 The Gospel of Christ is a message which claims to save from damnation those who believe it. This "good news" message purports to reveal who saves, what he did, why we need it, how we get it, and where to find reliable information about it. The Gospel, however, is widely doubted, disputed, and denied. Many wonder: - Does Jesus have to be who Christians claim he is? - What did his death accomplish? - Why would God send me to hell? - Can faith really be all there is to it? - Do I need to trust the Bible? Using Bible verses, "I Have Some Good News" addresses objections to the Gospel, and allows Christianity's source book to speak for itself.

Sport and the Spiritual Life Anthony M J Maranise Oblsb 2013-12 The "wide world of sports," as it's often called, has quite obviously become a cultural phenomenon. In the United States alone, sports generate more than 400 billion dollars annually. However, for its many athlete-participants, coaches, fans, and investors, it provides much more than simple monetary value. While some critics see modern sport (especially those known for their rather intense physical contact) as somewhat "brutish" or even, "uncivilized," sport itself, when played with proper intentions, provides unlimited opportunities for positive human growth, including even that of a spiritual nature. Known perhaps as "the greatest of Christian missionaries," St. Paul, who also gained the title, "the athlete of Christ," for his frequent use of athletically-themed metaphors throughout the New Testament, encouraged the faithful to "pray without ceasing" (1 Thessalonians 5:17 NAB). While his exhortation may seem challenging, participation in sports provide a refreshing opportunity to embrace such a deep spirituality, rather than providing an impediment to it. In the first year of his Pontificate, Pope Francis acknowledged both the importance of sport as a worldwide cultural phenomenon, while also recognizing within it the inherent and numerous opportunities for growth in the Christian spiritual life. He said, "I ask that you 'live your sport' as a gift from God, an opportunity not only to bring your talents to fruition, but also as a responsibility to God and all of the human family." Within "Sport & the Spiritual Life: The Integration of Playing and Praying," we are challenged to view sport not simply as yet another worldly distraction, amusement, or task on an already hectic schedule, but rather to view it as an opportunity to discover God "in the here and now;" to communicate with Him in every play; every movement; every moment... To ultimately recognize that sport is a "school of virtue" wherein we learn that God transforms even our most profane activities into sacred ones wherein He may be glorified and we may have the honor of praising He who is most deserving.

Faith and Physics Joseph Paul Befumo 2007-04 Can educated people embrace the concepts of spirituality, mysticism, paranormal phenomena, and even magic in light of the overwhelming and undeniable tenets of modern science? As revealed in this book, the answer is a resounding yes . Faith and Physics takes the reader on a step-by-step journey through the often startling world of modern physics, showing how recent scientific evidence not only supports, but in many cases, demands an acceptance of spiritual, mystical, and paranormal principles. If you, like many modern people, have yearned to believe in something beyond the mundane day-to-day physicality of life, but have feared that to do so would be tantimont to intellectual suicide, this book will prove that you need not choose between modern certainty and mystical doctrine, for both are completely consistent.

Faith Colors Lula Adams 2014-06-30 Miracles happen today. Do you want to increase your faith? Read about miracles. True stories of God's faithfulness, love, and power are woven together with art, poetry and scripture into a tapestry made of the colors of the rainbow that demonstrate the many aspects of faith. A woman finds herself in a car accident on a lonely Nevada highway gazing at her two daughters sprawled on the road. She screams in terror for help. Someone places a white gold cross in the palm of her hand. This changes everything. "A White Gold Cross," one of the true stories found in "Faith Colors, Encounters with God in Living Faith," explores the power of faith in God to transform the outcome of a terrible crisis. This story is found in the section called White Faith, the kind of faith that strengthens the inner heart to persevere. A son prays in earnest while the emergency team from the fire station try to revive his father. After the paramedics give up and permission is granted to stop CPR, the father miraculously begins to breathe on his own. But will he survive long enough to take care of his unfinished business? This story is found under Blue Faith, the kind of faith that looks up from a dark pit to find hope. These testimonies and others, including some of the author's own experiences, are grouped into the colors of the rainbow to highlight important aspects of faith. Poems and prophetic art, intensifying the impact of the messages, are found throughout the book. Each color section concludes with a prayer to draw the reader's heart closer to God. Scriptures and colorful prophetic pictures featured in this book highlight significant attributes of faith that are bound to spark hope in God and His promises found in the Bible.

The Great Awakening Mark C. Lee 2016-12-07 The Great Awakening Movement between 1720 and 1740s was one of most splendid chapters of early Christian history. The movement stirred up a mass religious conversion in colonial America with a call to live a holy life. The seeds of the Awakening were sown when Rev. Jonathan Edwards (1703-1758) began to preach revivalistic sermons in Northampton, Massachusetts. George Whitefield (1714-1770) started his preaching tour of colonial America between 1739 and 1740. It was during his preaching tour that the Great Awakening erupted. Edwards and Whitefield were the two major catalysts in the Awakening era. It was during this period that churches of many different denominations had tremendous growth. Every believers life is a living testimony of Gods grace of salvation; George Whitefield said it so well in May 21,1740,Christ was God and man in one person, that God and man might be happy together again.

On Union With God Albertus Magnus 2000-01-09 Albert the Great was born in Swabia, the son of a military nobleman. He was a Dominican priest who taught theology in Cologne and Paris. His most distinguished student was Saint Thomas Aquinas. Albert was called "Doctor universalis" because his

breadth of knowledge spanned not only philosophy and theology but all the natural sciences. He was a dedicated student of nature, and although he argued that the physical world can only be known reliably through observation and comparison, Albert distinguished between truths, which are naturally knowable, and mysteries, which cannot be known without revelation. People can only reach God through Himself - that is, by leaving behind the entanglements of earthly things and contemplating Him exclusively. The image and reality of God's incarnation in Jesus gives human beings the opportunity to attain a more perfect knowledge of God through contemplation. Albert refers to the teaching of St. Peter, "Cast all your anxiety on him, because he cares for you."

I, Church Brett Fish Anderson 2015-01-15 "It was the best of church, it was the worst of church..." [not Charles Dickens] In some ways, the church has a horrendous track record and is deserving of much of the hate, accusation and mistrust it has received. But, in many other ways, the church has also been monumental in affecting great systemic change, being first on the scene in crisis and on the forefront of reaching out to and loving well those considered the least of these. To those of you who believe church is the worst thing ever: You're right! To those of you who believe church is the best thing ever: You're right! The church was God's idea and it is the plan He has chosen to bring transformation to a world desperately in need of a deeper experience of His love. He doesn't appear to have a plan B. We are it! I call this book, 'i, church' because more than a building or a meeting or a list of do's and don'ts, the church is about the people. It is about me. And it is about you. If you love Jesus and have chosen to follow Him, then you are the church. Let's figure out together how to be the best church we can be. "Brett Anderson weaves a picture of the church that is stark and real. He sees through church politics and denominational blinkers and defines the core of what the church is and isn't and what God desires it to be." [Bruce Collins, legend and appreciator of good coffee]

Christ's words and actions guide our ships into deeper waters and beyond to the other shore. This book explores scriptural anchoring points, personality influence, and past experiences to give us a new vision of the weighted tension between letting loose with our feelings or cinching up and ignoring them altogether. As human beings, we are created with emotional dimension, and within Christ, we are called to surrender these feelings, using them in a healthy and biblical way.

Faith Daniel Jennings 2015-08-01 What do we do when life goes completely contrary to the way we feel it should? How do we handle life's disappointments, heartaches and let downs? All people suffer but not all respond appropriately to their sufferings. For some, suffering turns to bitterness and unforgiveness towards God. For others it turns to despair and, sometimes, even suicide and we are led to ask the question how does one handle the big (and small) setbacks, hurts and disappointments that we all experience. In 2012 the author entered into a season of suffering unlike any he had experienced before and found himself faced with many questions for which he had no answer: Where was God? Why had He abandoned him? What should he do? Who can help? As he journeyed through the darkest night of his soul he discovered a way of looking at life that not only made sense of the suffering he was experiencing but also helped him to see suffering in a way he had never seen it before as he looked at it through the lens of faith. In this book the author provides hope for every hurting soul, demonstrating that no matter how hurtful your situation has been, there is good behind and in it and though you may have felt like God was nowhere to be found

He was there with you all of the time.

Compelled Tim Blue, Ph.D. 2012-12-09 This is a book for anyone who has battled a mental illness - any mental illness - or for anyone who loves someone with a mental illness. It is also a book for anyone who has struggled to understand the role of faith in his/her suffering. Blue recounts a 35-year battle with the daily despair of OCD. For the first 25 years, his Christian upbringing convinced him he had a faith issue, not a chemical one. At age 25, after realizing there was more going on than a simple lack of faith, he spent the next 10 years struggling to find the right diagnosis, doctor, and treatment plan. This journey landed him in 7 different psychiatrists offices, countless psychologists offices, and even in the mental hospital for three days. In the end, Blue finds some answers but also comes to grips with the presence of his questions. This book will engage you, encourage you, and make you think about the sometimes toxic blend between spirituality and mental illness. Excerpt from chapter 3: At its core, OCD is a quest for certainty where certainty doesn't/can't exist. The person who washes his hands a million times wants certainty that the deadly germs are banished from his hands, but he can never be sure. The driver who fears she has accidentally hit a pedestrian re-drives the same route over and over, looking for absolute certainty that she didn't hit the innocent pedestrian, but there's no way to be absolutely certain that that odd color on the sidewalk isn't the blood of the child she just ran over who is now at the hospital or the morgue. Or the kid who is terrified he'll be abandoned by his parents...he can never ask enough questions or stand in just the right spot to check on their early arrival so as to be completely certain that they will always come back. Uncertainty dooms the sufferer of OCD to his torture chamber. For the religious person, uncertainty will, at some point, attack his quest for peace through faith. Let's face it: religion comes with plenty of uncertainty. Sooner or later, everyone on the quest to understand or know God will have to ask some difficult questions: Why does God allow bad things to happen to good people? Why does God allow so much suffering when he could simply zap the evil-doers? What does it mean to be saved? Unsaved? Is there such a thing as hell, and if so, how do I know that the sweet little old lady who used to live next door who wasn't very religious but who was the kindest person I ever knew isn't there? (See appendix for a fuller discussion of hell). My inevitable questions about the black-and-white certainties of the Christian faith caused the struggle between my internal self and my external self to rage on. Spiritual questions plagued my brain from the time I was old enough to ponder such matters, but the stakes were high in my family, where failure to see things the Right Way was not acceptable. My family's certainty mixed with my inevitable lack of certainty created a struggle within me between intellectual honesty and family acceptance - a struggle that persists to this day. One of the certainties of my upbringing that troubled my uncertain brain was the question of hell. To make matters worse, in my early childhood, we were Southern Baptists to the core - no drinking, church on Sunday and Wednesday (and sometimes Sunday night just in case!), suits to church so Jesus could admire our wardrobes, etc. Dogmatic Christian groups are guilty of excessive certainty about countless uncertain things, like how long it took the world to be created, where the precise line is between those who are "saved" and "unsaved," and that hell is a real place where anyone who hasn't "accepted Jesus as his/her savior" is going. Middle-school-Southern-Baptist-Tim, who had outgrown his fear of being left by his parents, needed some new way to be petrified of abandonment and isolation. Eternal damnation seemed like just the right thing for my brain to grab ahold of.

Dogmatic Constitution on Divine Revelation Pope Paul VI. 1965 This document's purpose is to spell out the Church's understanding of the nature of revelation--the process whereby God communicates with human beings. It touches upon questions about Scripture, tradition, and the teaching authority of the Church. The major concern of the document is to proclaim a Catholic understanding of the Bible as the "word of God." Key elements include: Trinitarian structure, roles of apostles and bishops, and biblical reading in a historical context.

It's Time Michael Morwood 2013 It's Time. Challenges to the Doctrine of the Faith by Michael Morwood. Christianity, along with other major religions, has to make sense of its major beliefs in light of contemporary knowledge about the universe and our place in it. This calls for a major overhaul in how we understand "God", how we interpret Jesus as revealing the Divine Presence in human form, and what this means for worship and prayer. This contemporary "story" is radically different from the traditional Christian story about an elsewhere, heavenly God who disconnected from humanity.
