Crap CVs Jenny Crompton 2014-10-09 Application for Employment I refer to the recent death of the Technical Manager at your company and hereby apply for the replacement of the deceased manager. Each time I apply for a job, I get a reply that there is no vacancy but in this case I have caught you red-handed and you have no excuse because I even attended the funeral to be sure that he was truly dead and buried before applying. Attached to my letter is a copy of my CV and his death certificate. Crap CVs is a hilarious compilation of the worst job applications imaginable, including overly-honest cover letters, embarrassing typos, mortifying personal revelations, awkward interview questions, misplaced self-confidence, self-aggrandizing gibberish, blatant truth-twisting and, of course, outright lies.

The Sociology of Food Jean-Pierre Poulain 2017-02-09 A classic text about the social study of food, this is the first English language edition of Jean-Pierre Poulain's seminal work. Tracing the history of food scholarship, The Sociology of Food provides an overview of sociological theory and its relevance to the field of food. Divided into two parts, Poulain begins by exploring the continuities and changes in the modern diet. From the effect of globalization on food production and supply, to evolving cultural responses to food – including cooking and eating practices, the management of consumer anxieties, and concerns over obesity and the medicalization of food – the first part examines how changing food practices have shaped and are shaped by wider social trends. The second part provides an overview of the emergence of food as an academic focus for sociologists and anthropologists. Revealing the obstacles that lay in the way of this new field of study, Poulain shows how the discipline was first established and explains its development over the last forty years. Destined to become a key text for students and scholars, The Sociology of Food makes a major contribution to food studies and sociology. This edition features a brand new chapter focusing on the development of food studies in the English-speaking world and a preface, specifically written for the edition.

Re-Presenting 'Jane' Shore Maria M. Scott 2018-01-18 Re-Presenting 'Jane' Shore analyzes the representation of the mistress of Edward IV of England, known to us as 'Jane' Shore (c. 1445-c. 1527). The daughter of a well-to-do merchant, she left her merchant husband to become the king's concubine. After Edward's death, his brother, later Richard III, charged her with witchcraft and harlotry, prompting Thomas More to include her in his exposition of Richard's perfidies in The History of Richard III. Since then, Jane Shore has been a frequent subject of, among others, poets (Thomas Churchyard and Thomas Deloney), playwrights (Shakespeare and Nicholas Rowe), and novelists (Guy Padget and Jean Plaidy). Scott examines the anxiety in Anglo-American culture generated when sex and politics intersect, using the case of 'Jane' Shore to show how history is compromised and complicated by context. In doing so, she reveals how women continue to be deployed as symbols rather than as actors on the larger stage of the drama that is politics.
