Scientific Literature Review - Dublin City University

What is the purpose of a literature review? Communication and advancement of scientific knowledge! • Scientific knowledge is not static: reviews help scientists to understand how knowledge in a particular field is changing and developing over time • There is a significant output of scientific publications – literature reviews save time for the scientific community

Assessing writing for Cambridge English Qualifications: A ...

Aims: The Part 2 report is quite a challenging task, as little information is given in the prompt and it may feel somewhat abstract or remote to learners' real lives. This activity aims to help learners generate ideas from limited information in the task prompt and to organise these logically into a plan that will help them write their reports.
