The Royal Path of Life Thomas Louis Haines 1882
Tragic Sense of Life Miguel de Unamuno 2016-03-10 To the mentality that assumes, more or less consciously, that we must of necessity find a solution to every problem, belongs the argument based on the disastrous consequences of a thing. Take any book of apologetics-that is to say, of theological advocacy-and you will see how many times you will meet with this phrase-"the disastrous consequences of this doctrine." Now the disastrous consequences of a doctrine prove at most that the doctrine is disastrous, but not that it is false, for there is no proof that the true is necessarily that which suits us best. -from "The Rationalist Dissolution"
This is the masterpiece of Miguel de Unamuno, a member of

the group of Spanish intellectuals and philosophers known as the "Generation of '98," and a writer whose work dramatically influenced a wide range of 20th-century literature. His down-to-earth demeanor and no-nonsense outlook makes this 1921 book a favorite of intellectuals to this day, a practical, sensible discussion of the war between faith and reason that consumed the twentieth century and continues to rage in the twenty-first century. de Unamuno's philosophy is not the stuff of a rarefied realm but an integral part of fleshly, sensual life, metaphysics that speaks to daily living and the real world.

The Popes, the Catholic Church and the Transatlantic Enslavement of Black Africans 1418-1839 Pius Onyemechi Adiele 2017-09-01 Mehr als 400 Jahre lang erlitten schwarzafrikanische Männer, Frauen und Kinder während des transatlantischen Sklavenhandels schlimmste Formen der Versklavung und Erniedrigung durch Katholiken und das westliche Christentum. Damals wie heute glaubte niemand an die tiefe Verwicklung der Kirche und des Papsttums in den schwarzafrikanischen Holocaust. Trotz jüngster Behauptungen des päpstlichen Officiums in Rom, wonach die Päpste jegliche Form von Sklaverei verurteilten, so auch im Falle der Versklavung von Schwarzafrikanern, verweisen neuere Studien innerhalb dieses Forschungsfeldes auf das Gegenteil. Die Kirche und die Päpste nahmen vielmehr zentrale Rollen in diesem schlimmsten Verbrechen gegen die Schwarzafrikaner seit Beginn der schriftlichen Dokumentation ein. Mithilfe zahlreicher päpstlicher Bullen aus den Geheimarchiven des Vatikans und einer Vielzahl an königlichen Dokumenten aus dem portugiesischen Nationalarchiv in Lissabon, strebt der vorliegende Band eine kritische und analytische Untersuchung dieses Aspekts des transatlantischen Sklavenhandels an, der über so viele Jahre von den westlichen Historikern und Gelehrten verschleiert

wurde. For over 400 years, Black African men, women and children suffered the worst type of enslavement and humiliation from the hands of Catholics and other Western Christians during the transatlantic slave trade. Before now, no one could ever believe that the Popes of the Church were deeply involved in this Holocaust against Black African people. Despite the claims made by the hallowed papal office in Rome in recent years that the Popes condemned the enslavement of peoples wherever it existed including that of Black Africans, recent researches in these fields of study have proved the contrary to be true. The Church and her Popes were rather among the major “role players” in this worst crime against Black Africans in recorded history. With the help of a considerable number of papal Bulls from the Vatican Secret Archives and a great amount of Royal documents from the Portuguese National Archives in Lisbon, the present book is aiming to undertake a critical and analytical inquiry of this aspect of the transatlantic slavery that has been kept in the dark for so many years by the Western historians and scholars. The results of this studious but fruitful academic inquiry are laid bare in this notable work of the 21st century. Pius Onyemechi Adiele is a Catholic priest of Ahiara Diocese Mbaise and an alumnus of Seat of Wisdom Seminary Owerri and Bigard Memorial Seminary Enugu in Nigeria. He obtained his licentiate in Theology from the famous University of Münster and his doctoral degree in Church History from the renowned University of Tübingen in Germany. At present, he is a research fellow in the areas of African Church History and Enslavement of peoples as well as the pastor in charge of the merged parishes of Lauchheim, Westhausen, Lippach, Röttingen and Hülen in Germany.

Satan Unmasked James Burton Richards 2004-08-01 Join best-selling author Dr. James B. Richards on a journey of

deeper understanding as he exposes the truth of Satan and his so-called power. You will discover how the traditions of the past have presented a distorted image of the enemy's power versus the ultimate power of the finished work of Jesus. Punch, Or, The London Charivari 1858

Rules for Radicals Saul Alinsky 2010-06-30 First published in 1971, Rules for Radicals is Saul Alinsky's impassioned counsel to young radicals on how to effect constructive social change and know "the difference between being a realistic radical and being a rhetorical one." Written in the midst of radical political developments whose direction Alinsky was one of the first to question, this volume exhibits his style at its best. Like Thomas Paine before him, Alinsky was able to combine, both in his person and his writing, the intensity of political engagement with an absolute insistence on rational political discourse and adherence to the American democratic tradition.

Thoughts and Sentiments on the Evil and Wicked Traffic of the Slavery and Commerce of the Human Species, Humbly Submitted to the Inhabitants of Great-Britain Ottobah Cugoano 1787

Thoughts and Sentiments on the Evil of Slavery Quobna Ottobah Cugoano 1999-02-01 A freed slave's daring assertion of the evils of slavery Born in present-day Ghana, Quobna Ottobah Cugoano was kidnapped at the age of thirteen and sold into slavery by his fellow Africans in 1770; he worked in the brutal plantation chain gangs of the West Indies before being freed in England. His Thoughts and Sentiments on the Evil of Slavery is the most direct criticism of slavery by a writer of African descent. Cugoano refutes pro-slavery arguments of the day, including slavery's supposed divine sanction; the belief that Africans gladly sold their own families into slavery; that Africans were especially suited to its rigors; and that West Indian slaves led better lives than European serfs. Exploiting his dual identity as both an African and a British citizen, Cugoano daringly asserted that all those under slavery's yoke had a moral obligation to rebel, while at the same time he appealed to white England's better self. Between God and Satan Helmut Thielicke 2010 Jesus Christ came to us to suffer temptation, to suffer our fate with regard to God, and to become our brother. Let us go to him in the desert to see what he had to endure, and how he had to fight, so as thus to become our brother. Here we shall learn who we are and how it stands with this our world....The desert is our world; the tempter is our tempter; the forty days and

nights are our time, and we are Jesus, for here he stands in our stead. Who are we then, O God, who are we?

The Sibylline Oracles (Annotated Edition) Milton S. Terry

2012 This is the extended and annotated edition including * an extensive annotation of almost 10.000 words about the oracles in religion * an interactive table-of-contents * perfect formatting for electronic reading devices THE Sibyls occupy a conspicuous place in the traditions and history of ancient Greece and Rome. Their fame was spread abroad long before the beginning of the Christian era. Heraclitus of Ephesus, five centuries before Christ, compared himself to the Sibyl "who, speaking with inspired mouth, without a smile, without ornament, and without perfume, penetrates through centuries by the power of the gods." The ancient traditions vary in reporting the number and the names of these weird prophetesses, and much of what has been handed down to us is legendary. But whatever opinion one may hold respecting the various legends, there can be little doubt that a collection of Sibylline Oracles was at one time preserved at Rome. There are, moreover, various oracles, purporting to have been written by ancient Sibyls, found in the writings of Pausanias, Plutarch, Livy, and in other Greek and Latin authors. Whether any of these citations formed a portion of the Sibylline books once kept in Rome we cannot now determine; but the Roman capitol was destroyed by fire in the time of Sulla (B. C. 84), and again in the time of Vespasian (A. D. 69), and whatever books were at those dates kept therein doubtless perished in the flames. It is said by some of the ancients that a subsequent collection of oracles was made, but, if so, there is now no certainty that any fragments

of them remain.

Hope for Troubled Times Mark Finley 2020-06-03 Fear Worry

Stress These emotions can overwhelm and consume us.

They fill our minds with unanswerable questions. What will I

lose...my health? my family? my job? my home? Will our

lives ever be normal again? What is "normal"? We live in a

sin-sick world. Catastrophes surround us, but we can

surrender our fears to Jesus. He is the answer to

overwhelming fears that consume our energy, rob our joy,

and ruin our health. Fear is an emotion. Faith is an attitude,

and focus is a choice. Fear must give way to faith as we

adjust our focus. If our eyes are focused on the problem, fear

will overcome us. If our eyes are fixed upon Jesus, the

emotion of fear may still be present, but it will not cripple us.

Fear will no longer dominate our lives. Discover with Pastor

Mark Finley as he shows us that we have One who is larger

than our fears, bigger than our worries, and greater than our

anxieties by our side, and He has practical, down-to-earth,

real solutions to our problems. We have the assurance of the

One who said, "I will never leave you nor forsake you"

(Hebrews 13:5).

The Divine Province: Birthing New Earth Ed Rychkun 2013-01-07 In *The Divine Province*, Jaemes McBride and Ed

Rychkun answer a 26,000 year old question of how we manifest and maintain the Golden Age. They bring into reality the New Earth consciousness unfolding during the End Times. Taking readers on a 6000 year journey of Old Earth, they expose how Earthlings have been ruled by Elite powers and how their means of conquest has been religion and commerce under a corporate model of PLANET EARTH INC. Learn how the silent dominion has separated the Earthlings from spirit, accepting the physical slavery of the body vessel, disguising the truth of who they are. Now at the end of a 26,000 year cycle, a new consciousness has awakened multitudes of sleeping imprisoned souls to bring a New Earth into awareness, threatening the Rulers dominion and their business plan of the New World Order. It is about an awakening of who we are. Learn how the Divine Province has rapidly evolved as an expression of the new consciousness. See how it is now manifesting the physical birthing of New Earth, bringing the means from above in 5D consciousness to below into 3D reality, embodying the manifestation of peace, love, abundance and prosperity upon Old Earth. Divine Province is rapidly being populated by Divine beings of Light expressing themselves through Divine physical vessels who know who they are. In this book, the authors reveal how through rising above polarity and fear, one can choose the path leading to the alchemical gold of the Golden Age under Divine Province

The Great Controversy Ellen G. White 2019-10-09 Beginning with the destruction of Jerusalem and continuing through the persecutions of Christians in the Roman Empire, the apostasy of the Dark Ages, the shining light of the Reformation, and the worldwide religious awakening of the nineteenth century, this volume traces the conflict into the future, to the Second Coming of Jesus and the glories of the

earth made new. In this concluding volume, the author powerfully points out the principles involved in the impending conflict and how each person can stand firmly for God and His truth.

The Upward Look 2008

The Sacred Writings of Saint Hippolytus Saint Hippolytus

This volume contains his most important polemic against heretics, the "Philosophumena", the original title of which is 'A Refutation of All Heresies'. The first book had long been known; books IV to X, which had been discovered a short time previously, were published in 1851. But the first chapters of the fourth and the whole of the second and third books are still missing. The first four books treat of the Hellenic philosophers; books V to IX are taken up with the exposition and refutation of Christian heresies, and the last book contains a recapitulation. The work is one of the most important sources for the history of the heresies which disturbed the early Church. In addition this edition offers many fragments and an extensive appendix.

Here I Stand - A Life Of Martin Luther Roland Bainton 2014-

12-03 This early work on Martin Luther is both expensive and hard to find in its first edition. It details the life of the monk responsible for translating the Bible from Latin into German and for inspiring the Lutheran movement. This is a fascinating work and is thoroughly recommended for anyone interested in the history of European religion. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

The Lucifer Principle Howard Bloom 2013-11-01 "A philosophical look at the history of our species which

alternated between fascinating and frightening . . . like reading Dean Koontz or Stephen King.” —Rocky Mountain News

The Lucifer Principle is a revolutionary work that explores the intricate relationships among genetics, human behavior, and culture to put forth the thesis that “evil” is a by-product of nature’s strategies for creation and that it is woven into our most basic biological fabric. In a sweeping narrative that moves lucidly among sophisticated scientific disciplines and covers the entire span of the earth’s—as well as mankind’s—history, Howard Bloom challenges some of our most popular scientific assumptions. Drawing on evidence from studies of the most primitive organisms to those on ants, apes, and humankind, the author makes a persuasive case that it is the group, or “superorganism,” rather than the lone individual that really matters in the evolutionary struggle. But biology is not destiny, and human culture is not always the buffer to our most primitive instincts we would like to think it is. In these complex threads of thought lies the Lucifer Principle, and only through understanding its mandates will we be able to avoid the nuclear crusades that await us in the twenty-first century. “A revolutionary vision of the relationship between psychology and history, The Lucifer Principle will have a profound impact on our concepts of human nature. It is astonishing that a book of such importance could be such a pleasure to read.”—Elizabeth F. Loftus, author of *Memory*
