Twenty-Two Shells Tom Schulte 2021-07-20 Detective Marvin Sludge, a former Special Services operative, lives a simple life. But he's the best detective in his department, the one always assigned to impossible cases and interrogations. With virtually no family left alive, he feels religion is for the weak and the soon-to-be-purged by natural selection—the ones who can't take the rigors of life. Sludge, who suffers from PTSD, catches a curious case. A young man, a senator's son, has been shot, and experts find twenty-two shell casings at the scene. That evidence points toward the makings of a serial killer intent on murdering one person a week for the next twenty-one weeks. As the bodies continue to pile up, Sludge and his partner search for a pattern and the killer. Soon the case requires him to attend a victim's church, starting him on his path to faith. Along the way, he addresses greater issues such as the meaning of life and who is really in charge of events.

Transcendental Targets Joseph Cavanaugh 2017-09-06 Transcendental Targets is more than a book of poetry. It is also a book of visual arts photography that enhances the response of the reader to the beauty of poetry crafted by a skillful master poet. The poems lead the readers through worlds of delight as they wander through scenes of peace and joy and discovery on every page.

Malnutrition Johanna B. Knudsen 2012 Malnutrition is the condition that results from taking an unbalanced diet in which certain nutrients are lacking, in excess, or in the wrong proportions. A number of different nutritional disorders may arise, depending on which nutrients are under or overabundant in the diet. In this book, the authors examine topical research regarding the risk factors and health effects of malnutrition. Some of the topics discussed in the book include metabolic disorders due to nutritional changes during the prenatal stage; malnutrition in the elderly; malnutrition in inflammatory bowel diseases and genotoxic effects of malnutrition and infections in children. Colonial Lives Richard E. Boyer 2000 Colonial Lives offers a rich variety of archival documents in translation which bring to life the political and economic workings of Latin American colonies during 300 years of Spanish rule, as well as the day-to-day lives of the colonies' inhabitants. Intended to complement textbooks such as Burkholder and Johnson's Colonial Latin America by presenting students with primary sources -- the raw materials on which the facts in other textbooks are based -- this reader strives to illustrate the impact of issues such as race, class, gender, sexuality, culture and religion in the daily lives of both natives and colonists alike. The concerns, struggles and perspectives of the inhabitants of colonial Latin America are reflected in transcripts of civil and criminal court cases, administrative reviews, ecclesiastical investigations, Inquisition trials, wills, and letters the editors have included in this reader.

Each document is prefaced by an introduction that places it in the social and political context of the period. The book also includes a glossary of terms and lists of suggested further readings. Most uniquely, the book offers helpful thematic cross-referencing sections and an index of themes which allow instructors to easily adapt the book to their courses and to assign readings according to the criteria of their own specific curriculums.

Blood-Kissed Sky J. A. London 2012-12-26 The second book in a romantic and drama-packed trilogy perfect for fans of Rachel Vincent, Julie Kagawa, and Alyson Noel. Lusciously romantic and full of action-packed drama, readers will be swept away by this thrilling novel. Dawn Montgomery knows that monsters really do come out at night—after all, they are her job. It's just after the thirty-year war between vampires and humans, and as an ambassador between the two sides (a role she inherited when her parents were killed), Dawn quickly learns that balancing schoolwork, teen life, and the requests of Lord Valentine, the most frightening vampire in the region, isn't easy. There's nowhere left to hide. I thought vampires were our enemies—they controlled our lives, isolated our cities, and demanded our blood—until I met Victor. With Victor taking over as the new Lord Valentine, things were supposed to get better. Instead, they're worse than ever. Day Walkers, a new breed of vampires who can walk in the sun, are terrorizing the city. Blood supplies are low, and if Victor's vampires don't get enough, they will become infected with the Thirst—a disease that will turn them into mindless killers. To stop it, I must journey across the desolate wasteland to the very place where the sickness began. I can only hope that the answers that await me are enough to save us all...before it's too late.

Truth Or Dare D. P. Macdonald 2008-03-17 Rachel Morgan's world is turned upside down when she arrives at her work to encounter FBI agents ready to charge her with embezzlement. She escapes and runs to the only person she can trust. Arriving at her fiance's loft, she finds it deserted, and comes to the realization that he's set her up. After discovering clues implicating a casino owner as his accomplice, she embarks on a journey to prove her innocence.

Dare Mc Quinn, owner of the Missouri Queen and ex-special ops soldier is deeply haunted by his past, and just slightly troubled by his present. He's without an assistant. So when his grandfather informs him, he has the perfect person for the job, he takes notice, but is amused, when he hints that she may have a clandestine past. That is until he meets his new assistant, and has to agree. He'd vowed years ago never to take responsibility for another, but in the battle that follows he will have to utilize all his experience as a former soldier to save her, and to safeguard his heart.

You Gotta Be Kidding! Workman Publishing 2020-07-14 Gross, embarrassing, and just plain silly questions about boogers, bugs, smelly socks, itchy scabs, and more! Adapted from the hugely popular board game, this interactive and completely engaging book serves up hundreds of bizarre, embarrassing, sometimes ethical and sometimes stomach-churning dilemmas that kids will love to pose to their friends and siblings, whether in the backseat, on a sleepover, at a party, on a rainy day, or during a lull in the lunchroom (if you dare). Ponder the icky: Would you rather eat 10 pounds of cheese -OR- a bucket of peanut butter—with nothing to drink? The exponentially icky: Would you rather drink liquid found leaking from a garbage can -OR- chew on a hairy clump found between the cushions of an old couch? The fantastic: Would you rather be able to talk with all animals -OR- be able to understand all languages? The priority-testing: As a soccer player, would you rather mess up and score a goal for the other team but still have your team win -OR- play your best game ever even though your team loses? And the hair-raising: Would you rather swim across a river that is filled with crocodiles -OR- spend the night on an island where man-eating tigers live? Fascinating sidebars throughout are filled with interesting ancillary information—the nature of drool, left-handedness vs. right-handedness, what's dangerously filthy and what's just gross, why we blush when we're embarrassed—so kids can learn

something as they laugh!
